"Lighting in the Dark"
Assignment

Using the skills and techniques we discussed in class, in groups of 4-6, you and your group are going to write, direct, and edit a 30 second to 1 minute scene, filmed entirely in the dark.

Rules and Requirement:
-Your clip must be filmed in room 1 or 2.
-You may use any of the lighting equipment or objects in the room, which emit light. However, you may not open the doors or windows.

This assignment is worth <u>50 points</u> and is <u>due Thursday, September 19th.</u>

*Remember, this is not a major video project. Script, camera angles, dialogue, audio, etc. will be important, but this project is simply meant to help you practice the technique of lighting in darkness!
